

Gazco Riva2 670 Electric fire, Designio2 Graphite frame

Hearth, Wall Mounted or Existing Cavity

The contemporary Riva2 670 range is designed to fit a wide variety of installation options. You can also hang the fire on a wall using the optional wall mounting kit.

Offering up to 2kW of high efficiency heat output, these Eco Design compliant landscape electric fires are available with a realistic fuel effect and programmable thermostatic remote control with the option to enjoy the flames without any heat at all. There is also a choice of 3 contemporary frames.

The sleek finish of the Designio2 Glass forms an elegant frame, while the Gazco Designio2 Graphite is a stylish frame shaped for the Riva2 670 electric fire it's a simple yet sophisticated design.

To further enhance the fire, you can choose the Gazco Evoke Glass which is an eye-catching frame with layers of stunning reflective glass.
