Logic HE Slide Control with coal fuel bed, Arts Matt Black frame & front

LOGIC HE

The latest in the Logic™ gas fires range, the Logic™ HE has a glass front and boasts the highest efficiency of all the Logic™ Fires at up to 89%.

Gazco's new innovative slide system has a subtly designed, ergonomic lever that is situated to the top right hand side of the fire's frame for easy access. The new slide offers complete and convenient control over the fire, including the on/off control along with flame height and corresponding heat levels, allowing you to achieve the warmth and ambiance you desire.
