

Gazco Riva2 670, Evoke Black Glass frame, Brick lining

Stylish aesthetics with flexible installation options

The Riva2 670 offers exciting options to assist in creating that perfect look for your home. The Riva2 670 has an impressive heat output of up to 5.6kW and a high efficiency rating of up to 82%. Operation via a thermostatic remote that offers handy programming functions.

The realistic log-effect fire can be paired with a choice of four linings, each creating a distinctly different look for the fire that can be further enhanced by a choice of modern frames.

The Riva2 670 conventional flue model is the ideal fire for those who want to retrofit into an existing chimney cavity and the Riva2 670 balanced flue is the perfect gas fire for new builds or adding to an existing room.
